TIMELESS™ MOIST

MADE IN SINGAPORE

LET US TELL YOU OUR SECRET

TIMELESS MOIST is an exclusive blend created by timeless. It is specially formulated with premium and natural ingredients that improves your skin conditions. It contains antioxidants and anti-pigmentation properties, boosts skin's moisture and collagen.

TECA™ Titrated Extract of Centella Asiatica

Is a leave extract from Madagascar which consists of **prominent molecules such as Genins, Trierpens, Polyphenols and Flavonoids** which works to repair damaged skin and restoring skin integrity by boosting the vital proteins within the dermis and by soothing effect. It is use to achieve skin remodeling, redensifying, and anti-stretchmarks.

O'live™

Is a herbal extract deriving from **Olive fruits rich in Hydroxytyrosol.**

Hydroxytyrosol is the main antioxidant found in olive oil which also provides skin lightening with the production of fair melanin and suppression of the production of dark melanin, it helps to lighten dark melanin already formed and reduces skin damage by removing harmful reactive oxygen caused by UV rays.

Ceramosides™

Are a patented synergetic complex which contains a highly concentrated source of phytoceramides from wheat. The **Non GMO wheat from European origin have a unique and patented process which is manufactured in France.** Ceramosides is a key

ingredient for nutricosmetic products which promotes skin moisturization, collagen boosting, anti aging, sun exposure and radiance.

Is there any scientific Data to prove that Timeless Moist's Ceramosides taken orally can improve skin moisturization?

Yes, in **two clinical studies**, it is proven that results can be seen in only 15 days with a strong skin hydration effect (**23% in only 2 weeks and up to 36% after 2 months**) and an exclusive anti-aging action (reduction of wrinkles is highly significant after 2 weeks and skin elasticity is improved by 15% in just 15 days).

BETTER RESULTS IS OBSERVED AFTER 1 AND 2 MONTHS.
